EXCALIBUR GLOBAL TRADING LLC

Florida-based trading company · U.S. distribution & export to Latin America

WHO WE ARE

Excalibur Global Trading LLC is a Florida-based trading company. From Florida, the gateway between the United States and Latin America, we buy only from brands and their authorized distributors and supply two markets: businesses and distributors in the United States, and export customers in Latin America, starting with Colombia.

PRODUCT LINES

- Heavy-duty truck parts: suspension and wear parts for Class 8 trucks and tractor-trailers
- Farm, ranch & equine: hoof care, farrier tools, breeding aids, non-prescription animal health
- HVAC & plumbing: heating and burner parts, plumbing chemicals, sealants and repair parts
- Automotive, RV & trailer: locks and hardware, lubricants, car care, electrical parts
- Pet & aquarium: water care and test kits, pet health and grooming
- Industrial & MRO · Arts, crafts & stationery · Music, photo & video

LATIN AMERICA EXPORT

Our export channel starts in Colombia with an affiliated heavy-duty truck parts distributor specialized in suspension for tractor-trailers. Next, we plan to add farm, equine and automotive lines. We consolidate orders in Florida and ship through licensed freight forwarders. Export goods go to their destination market and follow your territory rules.

OUR COMMITMENTS

- Authorized sourcing only: brand or authorized distributor, never gray market
- New and genuine products, in original packaging, traceable to the invoice
- MAP compliance and no changes to your brand content without approval
- Channel and territory respect, in writing in your agreement
- Prepaid orders or card payment: no credit risk on your side
